Title: IT Helpdesk

Visa: Citizen

Location: Stonecrest, GA

Professional Summary: Motivated and detail-oriented aspiring Cybersecurity Analyst with hands-on experience in virtual machine setup, Active Directory configuration, system hardening, and basic threat detection. Microsoft Certified in Security, Compliance, and Identity Fundamentals (SC-900). Skilled in tools like Wireshark, PowerShell, and Microsoft Defender. Completed practical cybersecurity labs on TryHackMe covering real-world attack scenarios and incident response. Eager to join a security team and help protect digital systems through proactive defense.

Technical Skills

- **Security:** Threat analysis, basic incident response, IAM, system hardening
- **Systems:** Windows Server, Active Directory, Group Policy
- **Networking:** TCP/IP, DNS, DHCP, firewalls, LAN/WAN
- **Tools:** Wireshark, PowerShell, VirtualBox, VMware, Microsoft 365 Security Center, TryHackMe
- **Other:** Virtual Machines (VMs), computer repair, software installation
-

Hands-On Experience

Cybersecurity & IT Intern (Independent Projects)

Atlanta, GA 08/07/2024 - 05/16/2025

- Installed and configured Windows VMs using VirtualBox and VMware
- Built and managed Active Directory environments with custom Group Policy settings
- Practiced access control and identity management across simulated user accounts
- Repaired and maintained desktops; resolved software and hardware issues
- Monitored mock attacks and responded using PowerShell and built-in Windows tools

TryHackMe Labs

- **Intro to Cybersecurity** – Learned key concepts: CIA triad, threat types, and attack vectors
- **Pre-Security Path** – Practiced networking basics, Linux commands, and simple web security
- **Blue Team Labs** – Identified logs and events using Splunk, detected common attack behaviors
- **AttackBox Challenges** – Used Kali Linux to simulate real attacks in a secure lab environment
- **Active Directory Basics** – Navigated AD structure, privilege escalation paths, and LDAP queries

EDUCATION

Martin Luther King Jr High School | Expected graduation May 2025

Dekalb High School of Technology South

Certifications

- **Microsoft SC-900** – Security, Compliance, and Identity Fundamentals 05/14/2025
